WORK EXPERIENCE

Respond.io | Lahore, PK

Frontend Intern

Jul. 2018 – Sep. 2018

- Worked on VueJS and Vuex to create a centralized store in the app.
- Optimized frontend states and axios calls for maximum performance.
- Implemented an embeddable chat plugin using Portable React and Socket.io

Solutioninn | Lahore, PK

Web Developer (Part-time)

Jun. 2019 – Oct. 2019

- Worked on ReactJs and NodeJs to create a live interaction board (Whiteboard, Live Chat, Video Chat and Text Editor). Used Twilio, Socket.io, Express and FabricJs.
- Implemented an optimized and secure platform for more than 700k users. Activity log was created for automated bug reports.
- Also worked on Solutioninn's iOS app using Swift5 and implemented its backend using PHP & MySQL.

PORTFOLIO PROJECTS

Taskbarter.com

Founder

Apr. 2020 – Present

- Designed and Developed from scratch. Worked on Mongo, Express, React, Redux, Mocha and NodeJs for its implementation.
- Used minimum documented and optimized code for data management and server-side calls in a TDD environment.
- Launched Alpha in May, 2020 and got 1500+ unique visitors. Implemented/fixes the feedback/bugs reported by 100+ users.

47 Freelance Projects

Developer/Designer

May. 2016 – Present

- Worked on core Wordpress including theme/plugin customization & bug fixing.
- Remained **Top Rated** seller on Upwork & **Level 1** on Fiverr.
- Most Recent Projects: flightpatrol.com, stellarmpm.com, socialsavvi.com

Side Projects

- Citizen Portal (Firebase, React/Redux), Purzey.pk (Wordpress), Spamsort.com (Vanilla JS, Firebase), Purzey Chatbot (Node, Wit.ai)

EDUCATION

National University of Computer and Emerging Sciences | Lahore, PK

Computer Science, BSCS. 2016-2020 GPA: 3.34

AWARDS

- **Coder of the Batch** | From ACM in 2016
